

CONSERVATION WALKS

Linking to existing public access, these permissive footpaths create a range of circular walks around the villages of West Beckham and Bodham. Enjoy access to arable farmland where a range of options are being implemented to promote wildlife including new hedge and tree planting, establishing grass field margins and creating beetle banks, and providing different plots to benefit seed eating birds and pollinating insects. Note that some margins are being managed solely for wildlife, so please keep to the marked path.

Please keep dogs on a lead to minimise disturbance of wildlife.

➔ Entry/exit point

..... Public Footpath

----- Other permissive route

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2014.
